Subject: McDowell County Preliminary Assessments, Site Reassessment Reports

Dear Ms. Wendel:

Please find enclosed two data disks containing scanned image files for 21 Preliminary Assessments and 2 Site Reassessment Reports performed by the NC Superfund Section in response to citizen petitions forwarded to your office. Site names and their corresponding report dates are listed in the attached table.

If you have questions regarding these reports, or need additional digital or paper copies, I can be reached at (919) 508-8449.

Sincerely,

Jim Bateson, Head

Subject: Preliminary Assessment
Cobia Boat Company, LLC
1 Cobia Drive
Marion, NC 28752

Dear Ms. Wendel:

Cobia Boat Company, LLC ("Cobia") was reviewed for further action under CERCLA. Based on the findings of this Preliminary Assessment (PA), this site is recommended for no further remedial action planned (NFRAP) under CERCLA.

1. Cobia began operation in April 2006 and manufactures fiberglass boats. The coordinates of the site are 35.7461° north latitude and 82.0173° west longitude. The site is located at 1 Cobia Drive, Marion, McDowell County, NC (Refs. 1, 2, 3).
2. Cobia has two active environmental permits: Air (#3711100191) and RCRA (#NC0991302893). The only non-compliance was a notification violation under the RCRA permit in April 2007. The error was corrected by the follow-up inspection in May 2007 (Refs. 1, 3-5).
3. Overland flow from the site flows in a south/southwest direction for approximately 0.5 miles before entering an intermittent ditch. Flow follows the ditch for approximately 0.25 mile, where it enters Johns Creek at the PPE. Flow continues along Johns Creek for approximately 1 mile to the south, where it enters the Catawba River. The remainder of the 15-mile surface water pathway follows the Catawba River, ending in Lake James. The first wetland, which is a HRS-qualifying wetland at a frontage length just over 0.1 miles, is located at the intersection of Johns Creek and the Catawba River, approximately 1.75 miles downgradient from the site. In addition, there are no surface water intakes located along the 15-mile surface water pathway (Ref. 6).

Site Name: Cobia Boat Company, LLC
Previous Names (if any):
EPA ID # TBD
Site Location: 1 Cobia Drive, Marion, McDowell County, NC
Latitude: 35.7461° Longitude: 82.0173°

Describe the release (or potential release) and its probable nature:

As part of a citizen petition, this site was reviewed for potential further action under CERCLA. The active facility is a fiberglass boat manufacturer. The facility currently has an Air Quality and RCRA permit.

Part 1 - Superfund Eligibility Evaluation

If all answers are Anon go on to Part 2, otherwise proceed to Part 3.

	YES	NO
1. Is the site currently in CERCLIS or an alias of another site?		X
2. Is the site being addressed by some other remedial program (Federal, State, or Tribal)?	X	
3. Are the hazardous substances potentially released at the site regulated under a statutory exclusion (e.g., petroleum, natural gas, natural gas liquids, synthetic gas usable for fuel, normal application of fertilizer, release located in a workplace, naturally occurring, or regulated by the NRC, UMTRCA, or OSHA)?		X
4. Are the hazardous substances potentially released at the site excluded by policy considerations (i.e., deferred to RCRA corrective action)?		X
5. Is there sufficient documentation to demonstrate that no potential for a release that could cause adverse environmental or human health impacts exists (e.g., comprehensive remedial investigation equivalent data showing no release above ARARs, completed removal action, previous HRS score determined, or an EPA approved risk assessment completed)?		X

Please explain all yes answers.

2. The site is currently regulated by Air Quality and RCRA.

Part 2 - Initial Site Evaluation

Use Exhibit 1 of the APA fact sheet to make site assessment decisions based on the answers below:

	YES	NO
1. Does documentation indicate that a target (e.g., drinking water wells, drinking surface water intakes, etc.) has been exposed to a hazardous substance released from the site?		X
2. Is there an apparent release at the site with no documentation of exposed targets, but there are targets on site or immediately adjacent to the site?		X
3. Is there an apparent release and no documented on-site targets or targets immediately adjacent to the site, but there are nearby targets (e.g., targets within 1 mile)?		X
4. Is there no indication of a hazardous substance release, and there are uncontained sources containing CERCLA hazardous substances, but there is a potential to release with targets present on site or in proximity to the site?		X
5. Does the site lack documented on-site, adjacent, or nearby targets?		X
6. Does the site lack releases or potential to release?	X	
7. Does the site lack uncontained sources containing CERCLA eligible substances are present on site?		X

Please explain all yes answer(s).

6. There is no record of any spills or releases at the site.

Part 3 - State Site Assessment Recommendation

Check the box that applies based on the conclusions of the APA:	
<input checked="checked" type="checkbox"/>	NFRAP
<input type="checkbox"/>	Higher Priority SI
<input type="checkbox"/>	Lower Priority SI
<input type="checkbox"/>	Defer to RCRA Subtitle C
<input type="checkbox"/>	Defer to NRC
<input type="checkbox"/>	Refer to Removal Program - further site assessment needed

RCRA REINSPECTION REPORT

X - VIOLATION NOTED NA - NOT APPLICABLE

Facility Name: Cobia Boat Company LLC
Location: 1 Cobia Drive, Marion, N.C. 28752
Mailing Address: 1 Cobia Drive, Marion, NC 28752
EPA ID#: NC0991302893 Phone Number: 828/659-2080
Contact/Title: Mr. Mark Miller - Plant Manager
Reinspection Date: 5/8/07 Inspection Date: 4/11/07
Status: SQG Type of Inspection: CSE
Inspector(s): Brent Burch (030)
Present at Inspection: Documentation submitted in lieu of a site visit.

Type of Business: Cobia Boat Company is a manufacturer of fiberglass boats. The facility has been in operation since April 2006. Processes at the facility include gel coat, fiberglass/resin application, fiberglass cloth application, cut and grind, and final assembly. Hazardous waste is generated from the cleaning of the machine used to spray fiberglass. The facility has approximately 85 employees. The closest private residence is located several hundred yards from the property line. The facility is connected to City of Marion water and sewer. According to Mr. Miller the facility is projecting to employ 300 people within five years.

Contingency Plan:

Information posted by the telephone? The facility has emergency information posted by the telephone located at the lamination desk. The information did not include the home telephone number for the emergency coordinator (Mr. Mark Miller). The facility submitted a document showing the home telephone number for Mr. Miller. This information will be posted by the telephone. The violation was corrected.

Agreements with Emergency Responders? According to Mr. Miller, the Glenwood Volunteer Fire Dept., the Marion Fire Dept., and the McDowell County Sheriff's Dept. have all been on-site but no arrangements have been documented. Additionally, Mr. Miller stated that he has spoken to Mr. Carol Hemphill with McDowell County Emergency Services, and McDowell Hospital has been contracted to do workers compensation, but no documented emergency response arrangements have been made. The facility submitted documentation indicating that arrangements have been made with the Glenwood VFD, the Marion Fire Dept., Dysartsville Fire Dept., McDowell County Rescue Squad, McDowell County Emergency Management Agency, McDowell County Sheriff's Dept., and The McDowell Hospital. The violation was corrected.

Page Two - RCRA Reinspection Report

Facility Name: Cobia Boats Company LLC

EPA ID#: NC0991302893

Reinspection Date: 5/8/07

Violations:

1. 40 CFR 262.34(d)(4) adopted by reference at 40 CFR 265.37(a)&(b) - The owner or operator must attempt to make the following arrangements, as appropriate for the type of waste handled at the facility and the potential need for the services of these organizations:
 - (1) Arrangements to familiarize police, fire departments, and emergency response teams with the layout of the facility, properties of hazardous waste handled at the facility and associated hazards, places where facility personnel would normally be working, entrances to roads inside the facility, and possible evacuation routes;
 - (2) Where more than one police and fire department might respond to an emergency, agreements designating primary emergency authority to a specific police and a specific fire department, and agreements with any others to provide support to the primary emergency authority;
 - (3) Agreements with State emergency response teams, emergency response contractors, and equipment suppliers; and
 - (4) Arrangements to familiarize local hospitals with the properties of hazardous waste handled at the facility and the types of injuries or illnesses which could result from the fires, explosions, or releases at the facility.
- (b) Where State or local authorities decline to enter into such arrangements, the owner or operator must document the refusal in the operating record.

Cobia Boat Company LLC failed to make arrangements with local emergency responders, or document in the operating record where emergency responders had declined to enter into such arrangements.

In order to correct the violation, the facility must make arrangements with local emergency responders. The facility submitted documentation indicating that arrangements have been made with the Glenwood VFD, the Marion Fire Dept., Dysartsville Fire Dept., McDowell County Rescue Squad, McDowell County Emergency Management Agency, McDowell County Sheriff's Dept., and The McDowell Hospital. The violation was corrected.

Page Three - RCRA Reinspection Report

Facility Name: Cobia Boats Company LLC

EPA ID#: NC0991302893

Reinspection Date: 5/8/07

2. 40 CFR 262.34(d)(5)(ii)(A) - The generator must post the following information next to the telephone: The names and telephone number of the emergency coordinator. Cobia Boat Company LLC failed to post the home telephone number of Mr. Mark Miller on the emergency information posted next to the telephone. Mr. Miller acts as the emergency coordinator for the facility. The information did include Mr. Millers work extension but not his home telephone number. In order to correct the violation, the facility must post the home telephone number of the emergency coordinator next to the telephone. The facility submitted a document showing the home telephone number for Mr. Miller. This information will be posted by the telephone. The violation was corrected.

The facility was found to be in compliance with Ticket NOV Docket # 2007-102.

RE: Arrangements for Emergency Response

Chief Buckner:

The purpose of this letter is to comply with 40 CFR 265.37 of the North Carolina Hazardous Waste Rules. This regulation requires that generators of hazardous waste attempt to make arrangements with local emergency response agencies.

Cobia boats is located at 1 Cobia Drive in the Industrial Park. Our facility is a small quantity generator of hazardous waste. We invite your agency to visit our facility so that you may become familiar with the properties, amounts and potential hazards that may arise from hazardous waste generated by our facility or other emergency situations that may arise. If you do not choose to visit our facility at this time we will still list your agency as a back-up responder unless you tell us otherwise. Hazardous waste from our facility is stored in the North-East corner of the building.

Please sign and return this documentation certifying that you have received and reviewed our attempt to make emergency arrangements as required by federal regulation. Please contact me at the number listed above to make arrangements for a site visit or to discuss any other concerns. Thank you for your time and consideration in this matter.

Waste Management Division
Hazardous Waste Section

NOTICE OF VIOLATION

To: Cobia Boat Company LLC
Address: 1 Cobia Drive
Marion, N.C. 28752
EPA ID#: NC0 991 302 893

Docket #: 2007-102
Inspection Date: April 11, 2007
Facility Type: Small Quantity Generator

On December 18, 1980, the State of North Carolina, Hazardous Waste Section (State) was authorized to operate the State RCRA hazardous waste program under the Solid Waste Management Act (ACT), N.C.G.S. 130A, Article 9 and rules promulgated thereto at 15A NCAC 13A (Rules) in lieu of the federal RCRA program.

On April 11, 2007, Mr. Brent Burch, representing the N.C. Hazardous Waste Section, inspected your facility for compliance with North Carolina Hazardous Waste Management Rules. During that inspection, the following violations were noted:

Citation

Specifics

1. **40 CFR 262.34(d)(4) adopted by reference at 40 CFR 265.37(a)& (b)** – The owner or operator must attempt to make the following arrangements, as appropriate for the type of waste handled at the facility and the potential need for the services of these organizations:
 - (1) Arrangements to familiarize police, fire departments, and emergency response teams with the layout of the facility, properties of hazardous waste handled at the facility and associated hazards, places where facility personnel would normally be working, entrances to roads inside the facility, and possible evacuation routes;
 - (2) Where more than one police and fire department might respond to an emergency, agreements designating primary emergency authority to a specific police and a specific fire department, and agreements with any others to provide support to the primary emergency authority;
 - (3) Agreements with State emergency response teams, emergency response contractors, and equipment suppliers; and
 - (4) Arrangements to familiarize local hospitals with the properties of hazardous waste handled facility and the types of injuries or illnesses which could result from the fires, explosions, or releases at the facility.
- (b) Where State or local authorities decline to enter into such arrangements, the owner or operator must document the refusal in the operating record.

2. 40 CFR 262.34(d)(5)(ii)(A) – The generator must post the following information next to the telephone:
The names and telephone number of the emergency coordinator.

You are hereby required to comply with the noted violation(s) by May 14, 2007. Please send documentation of compliance to Mr. Brent Burch, NCDENR, P.O. Box 1427, Andrews, N.C. 28901. If compliance with the violation(s) noted above are not met, pursuant to N.C.G.S. 130A-22(a) and 15A NCAC 13B .0701-.0707, an administrative penalty of up to \$25,000.00 per day may be assessed for violation of the hazardous waste law or regulations.

4/17/07

RCRA INSPECTION REPORT

X - VIOLATION NOTED NA - NOT APPLICABLE

Facility Name: Cobia Boat Company LLC
Location: 1 Cobia Drive, Marion, N.C. 28752
Mailing Address: 1 Cobia Drive, Marion, NC 28752
EPA ID#: NC0991302893 Phone Number: 828/659-2080
Contact/Title: Mr. Mark Miller - Plant Manager
Inspection Date: 4/11/07 Last Inspection: N/A
Status: SQG Type of Inspection: CEI
Inspector(s): Brent Burch (030)
Present at Inspection: Mark Miller, Brian Polk and Brent Burch.

Type of Business: Cobia Boat Company is a manufacturer of fiberglass boats. The facility has been in operation since April 2006. Processes at the facility include gel coat, fiberglass/resin application, fiberglass cloth application, cut and grind, and final assembly. Hazardous waste is generated from the cleaning of the machine used to spray fiberglass. The facility has approximately 85 employees. The closest private residence is located several hundred yards from the property line. The facility is connected to City of Marion water and sewer. According to Mr. Miller the facility is projecting to employ 300 people within five years.

Wastes Generated: F003/D001 waste flammable liquid (acetone).
Manifests: Approved Transporters ? Yes Approved TSDF ? Yes
Filled Out Correctly ? Yes Signed Copies ? Yes
LDR Notification Attached ? Yes

Transporters: Univar USA Inc. (GAD980845077); NuWay Industrial Services (SCD987598331).

TSDF's: Giant Resource Recovery-Sumter (SCD036275626).

Inspection Records:

Evidence that inspections are conducted: The facility provided documentation indicating that inspections of the containers in storage are being conducted and documented.

Inspections on Storage Area: Yes.

Inspections on H.W. Tanks: N/A

Inspections on Ancillary Equipment: N/A

Contingency Plan:

Information posted by the telephone? The facility has emergency information posted by the telephone located at the lamination desk.

The information did not include the home telephone number for the emergency coordinator (Mr. Mark Miller).

Agreements with Emergency Responders? According to Mr. Miller, the Glenwood Volunteer Fired Dept., the Marion Fire Dept., and the

Page Two - RCRA Inspection Report

Facility Name: Cobia Boats Company LLC

EPA ID#: NC0991302893

Inspection Date: 4/11/07

McDowell County Sheriff's Dept. have all been on-site but no arrangements have been documented. Additionally, Mr. Miller stated that he has spoken to Mr. Carol Hemphill with McDowell County Emergency Services, and McDowell Hospital has been contracted to do workers compensation, but no documented emergency response arrangements have been made.

Training Records:

Evidence Employees have been Trained? According to Mr. Miller, the employees handling hazardous waste have been trained.

Emergency Preparedness:

Facility Maintained and Operated to Prevent Releases? Yes.

Internal Communications or Alarm Present? Yes; the facility maintains an alarm (siren) to be used for evacuation.

Portable Fire Extinguishers and/or Fire Control Equipment? Yes; the facility maintains fire extinguishers and a sprinkler system for fire suppression.

Spill Control Equipment: Yes; the facility had absorbent, pigs, PPE, and shovels to be used for spill control.

Adequate Water Volume, Foam Equipment or Auto Sprinklers? Yes, the facility maintains a sprinkler system for fire suppression throughout the facility. Grinnell checks the system annually.

All Equipment/Alarms Tested and Maintained? Yes. Grinnell checks the extinguishers and sprinkler system.

All Personnel Handling HW have Access to Alarm/Device? Yes; Facility personnel have access to a telephone and a pull alarm.

Adequate Aisle Space in Areas of Facility Operation? Yes.

Satellite Accumulation Area(s):

Location(s): N/A.

Satellite Containers:

Closed? N/A.

Labeled/Contents Identified? N/A.

< 55 Gallons? N/A

Releases? N/A

Page Three - RCRA Inspection Report

Facility Name: Cobia Boats Company LLC

EPA ID#: NC0991302893

Inspection Date: 4/11/07

Storage Area(s):

Description(s): The facility maintains a <180-day storage area on the inside NE wall of the facility. The area is located in the fiberglass/resin application area. Spill control equipment and a fire extinguisher are located in the area. A telephone and pull alarm are located in the area. At the time of the inspection there were three containers of hazardous waste in storage. The containers were all labeled, dated (oldest 3/16/07) and closed. One container was fitted with a funnel equipped with a ball-check valve. No releases were observed on the containers or in the area.

Containers: Closed? Yes Aisle Space? Yes Labeled? Yes
Dated? Yes Evidence of Release? No
< 180 Days? Yes Good Condition? Yes

Other HW Units:

Description of Unit(s): n/a.

External Facility Condition: Good condition.

Violations:

1. 40 CFR 262.34(d)(4) adopted by reference at 40 CFR 265.37(a) & (b) - The owner or operator must attempt to make the following arrangements, as appropriate for the type of waste handled at the facility and the potential need for the services of these organizations:
 - (1) Arrangements to familiarize police, fire departments, and emergency response teams with the layout of the facility, properties of hazardous waste handled at the facility and associated hazards, places where facility personnel would normally be working, entrances to roads inside the facility, and possible evacuation routes;
 - (2) Where more than one police and fire department might respond to an emergency, agreements designating primary emergency authority to a specific police and a specific fire department, and agreements with any others to provide support to the primary emergency authority;
 - (3) Agreements with State emergency response teams, emergency response contractors, and equipment suppliers; and

Page Four - RCRA Inspection Report

Facility Name: Cobia Boats Company LLC

EPA ID#: NC0991302893

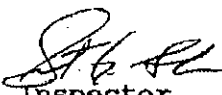

Inspection Date: 4/11/07

- (4) Arrangements to familiarize local hospitals with the properties of hazardous waste handled at the facility and the types of injuries or illnesses which could result from the fires, explosions, or releases at the facility.
- (b) Where State or local authorities decline to enter into such arrangements, the owner or operator must document the refusal in the operating record.

Cobia Boat Company LLC failed to make arrangements with local emergency responders, or document in the operating record where emergency responders had declined to enter into such arrangements. In order to correct the violation, the facility must make arrangements with local emergency responders.

2. 40 CFR 262.34(d)(5)(ii)(A) - The generator must post the following information next to the telephone: The names and telephone number of the emergency coordinator. Cobia Boat Company LLC failed to post the home telephone number of Mr. Mark Miller on the emergency information posted next to the telephone. Mr. Miller acts as the emergency coordinator for the facility. The information did include Mr. Millers work extension but not his home telephone number. In order to correct the violation, the facility must post the home telephone number of the emergency coordinator next to the telephone.

Ticket NOV Docket # 2007-102 was issued to the facility.

Starting with Reporting Year 2006, TRI Facilities began reporting NAICS codes, instead of SIC codes, to identify their Primary Business Activities.

NAICS Codes for 2006

NAICS CODE	PRIMARY	NAICS DESCRIPTION
336612	YES	Boat Building

The above information comes from 2006, which was the last year NAICS code data was reported for this facility. The earliest NAICS code data on file for this facility was reported in 2006.

Map this facility using one of Envirofact's mapping utilities.

Besides TRI, this facility also does the following:

- has reported air releases under the Clean Air Act

More information about these additional regulatory aspects of this facility can be found by

pressing the other regulatory data button below.

[Other Regulatory Data](#)

Total Aggregate Releases of TRI Chemicals to the Environment:

For all releases estimated as a range, the mid-point of the range was used in these calculations. This table summarizes the releases reported by the facility. **NR** - signifies nothing reported by this facility for the corresponding medium.

Total Aggregate Releases of TRI Chemicals excluding Dioxin and Dioxin-like Compounds (Measured in Pounds)

Media	2006
Air Emissions	23100
Surface Water Discharges	NR
Releases to Land	NR
Underground Injection	NR
Total On-Site Releases	23100
Transfer Off-Site to Disposal	NR
Total Releases	23100

[Graphic Summary of this Table](#)

Total Aggregate Releases of Dioxin and Dioxin-like Compounds (Measured in Grams)

Media	2006
Air Emissions	NR
Surface Water Discharges	NR
Releases to Land	NR
Underground Injection	NR
Total On-Site Releases	NR
Transfer Off-Site to Disposal	NR
Total Releases	NR

[Graphic Summary of this Table](#)

TRI Chemicals Reported on Form A:

Please note that there were no chemicals reported on Form A for this facility

NOTE:

All chemicals reported below have release or transfer amounts greater than zero. To see a list of all chemicals reported by this facility [click here](#).

Names and Amounts of Chemicals Released to the Environment by Year.

For all releases estimated as a range, the mid-point of the range was used in these calculations.

NR - signifies nothing reported for this facility by the corresponding medium. Rows with all "0" or "NR" values were not listed.

Chemical Name	Media	Unit Of Measure	2006
STYRENE (TRI Chemical ID: 000100425)	AIR STACK	Pounds	23100

Discharge of Chemicals into Streams or Bodies of Water:

Please note that either there were no releases of chemicals into streams or bodies of water reported by this facility or the facility did not file a TRI form R for the years 1987 to 2006. Rows with Release Amount equal to "0" were not listed.

Transfer of Chemicals to Off-Site Locations other than POTWs:

Please Note that there were no Transfer of Chemicals to Off-Site Locations other than POTWs. Rows with Total Transfer Amount equal to "0" were not listed.

Summary of Waste Management Activities

Summary of Waste Management Activities excluding Dioxin and Dioxin-like Compounds (Measured in Pounds)

This facility did not report any waste management activities for non Dioxin-like Compounds.

Summary of Waste Management Activities for Dioxin and Dioxin-like Compounds (Measured in Grams)

This facility did not report any waste management activities for Dioxin and Dioxin-like Compounds.

Chemicals Under Waste Management:

This facility did not report any chemicals as being treated, recycled, or used in energy recovery.

Transfer of Chemicals to Publicly Owned Treatment Works (POTW):

This facility did not transfer any chemicals to a Publicly Owned Treatment Works (POTW).

Non Production Releases:

This facility did not report any Non-Production releases.

Facility Permits and Identifiers

[Data Dictionary](#)

Statute	System	Source ID	Facility Name	Street Address	City	State	Zip
	FRS	110027231886	COBIA BOAT CO LLC	1 COBIA DRIVE	MARION	NC	28752
CAA	AFS	3711100191	COBIA BOAT COMPANY, LLC	1 COBIA DRIVE	MARION	NC	28752
RCRA	RCR	NC0991302893	COBIA BOAT CO LLC	1 COBIA DR	MARION	NC	28752

Facility Characteristics

[Data Dictionary](#)

Statute	Source ID	Universe	Status	Areas	Permit Expiration Date	Latitude/Longitude	Indian Country?	SIC Codes	NAICS Codes
	110027231886						No		
CAA	3711100191	Major (Fed. Rep.)	Operating	MACT (SECTION 63 NESHAPS), TITLE V PERMITS, SIP			NA	3732	
RCRA	NC0991302893	SQG	Active (H)				No		336612

If the CWA permit is past its expiration date, this normally means that the permitting authority has not yet issued a new permit. In these situations, the expired permit is normally administratively extended and kept in effect until the new permit is issued.

For the RCRA program, activities that contribute to an overall facility status of Active are displayed in parentheses using the acronym HPACS, where H indicates handler activities, P - permitting, A - corrective action, C - converter, and S - state-specific. More information is available in the Data Dictionary.

Formal Enforcement Actions - (05 year history)

AFS, PCS, RCRAInfo, NCDB

[Data Dictionary](#)

Statute	Source ID	Type of Action	Lead Agency	Date	Penalty	Penalty Description
- No data records returned.						

In some cases, formal enforcement actions may be entered both at the initiation and final stages of the action. These may appear more than once above. Entries in *italics* are not "formal" actions under the PCS definitions but are either the initiation of an action or penalties assessed as a result of a previous action. This section includes US EPA and State formal enforcement actions under CAA, CWA and RCRA.

ICIS

[Data Dictionary](#)

Primary Law/Section	Case Number	Case Type	Lead Agency	Case Name	Issued/Filed Date	Settlement Date	Federal Penalty	State/Local Penalty	SEP Cost	Comp Action Cost
- No data records returned.										

Federal enforcement actions and penalties shown in this section are from the Integrated Compliance Information System (ICIS-FE&C). These actions may duplicate records in the Formal Enforcement Actions section.

Demographic Profile of Surrounding Area (3 Miles)

[Data Dictionary](#)

Radius of Area:	N/A	Land Area:	N/A	Households in area:	N/A
- No data records returned.					

Please note: Entries in gray denote records that are not federally required to be reported to EPA. These data may not be reliable.

Notice About Duration of Violations -- The duration of violations shown on this report is an estimate of the actual duration of the violations that might be alleged or later determined in a legal proceeding. For example, the start date of the violation as shown in the ECHO database is normally when the government first became aware of the violation, not the first date that the violation occurred, and the facility may have corrected the violation before the end date shown. In some situations, violations may have been corrected by the facility, but EPA or the State has not verified the correction of these violations. In other situations, EPA does not remove the violation flag until an enforcement action has been resolved.

This report was generated by the Integrated Data for Enforcement Analysis (IDEA) system, which updates its information from program databases monthly. The data were last updated: AFS: 02/16/2008. RCRAInfo: 02/11/2008. FRS: 02/14/2008.

Some regulated facilities have expressed an interest in explaining data shown in the Detailed Facility Reports in ECHO. Please check company web sites for such explanations.

MEMO

To: File

From: Melanie Bartlett 

Subject: Cobia Boat Company, LLC
Marion, McDowell County, NC
Surface Water Pathway

According to topographic maps, overland flow from the site to the south/southwest for approximately 0.5 miles, where it enters an intermittent ditch and follows it for approximately 0.25 miles. Flow then enters Johns Creek at the PPE. Flow continues along Johns Creek for approximately 1 mile, where it enters the Catawba River. The 15-mile surface water pathway ends in Lake James.

According to National Wetlands Inventory Maps, the nearest HRS-qualifying wetland is located at the intersection of Johns Creek and the Catawba River. Total frontage is approximately 0.1 miles in length.

Per the NC Source Water Assessment Program, there are no surface water intakes located along the 15-mile surface water pathway.
